Patti

A new television series from
AMAZE FILM + TELEVISION

Now airing on The Comedy Network
and W Network in Canada.

Patti is a newly urbanized misfit navigating daily life trying to fit in. She is quirky and sexy with an unyielding zest for life and a naive boldness that often gets her into trouble. Each episode Patti finds herself in another dilemma; a new job, a new love interest, a business that seems to go wrong. It is Patti's quest for an ever-changing definition of happiness that sends her on endless misadventures. Yet it's a combination of her spontaneity and good karma that help her make it through.
